

**PREMIUM NUTRITION  
FOR CATS AND DOGS**

## ABOUT THE BRAND CLUB 4 PAWS

Those who have pets are on the same wave. We may be strangers, but we always recognize pet owner from afar. No matter how different we are, there are things that unite us. Some of them can be seen - a photo of a pet, wool on clothes, scratches on the hand, or a cute keychain on a bunch of keys. These symbols unite us in a real Club - a secret union of millions, which is constantly growing.

The main secret of the CLUB 4 PAWS is that WE, its members, become better because of pets that are waiting at home.

CLUB 4 PAWS is also a club member. Its nutrition is created by people, who are inspired by kindness, love and care about their own pets.

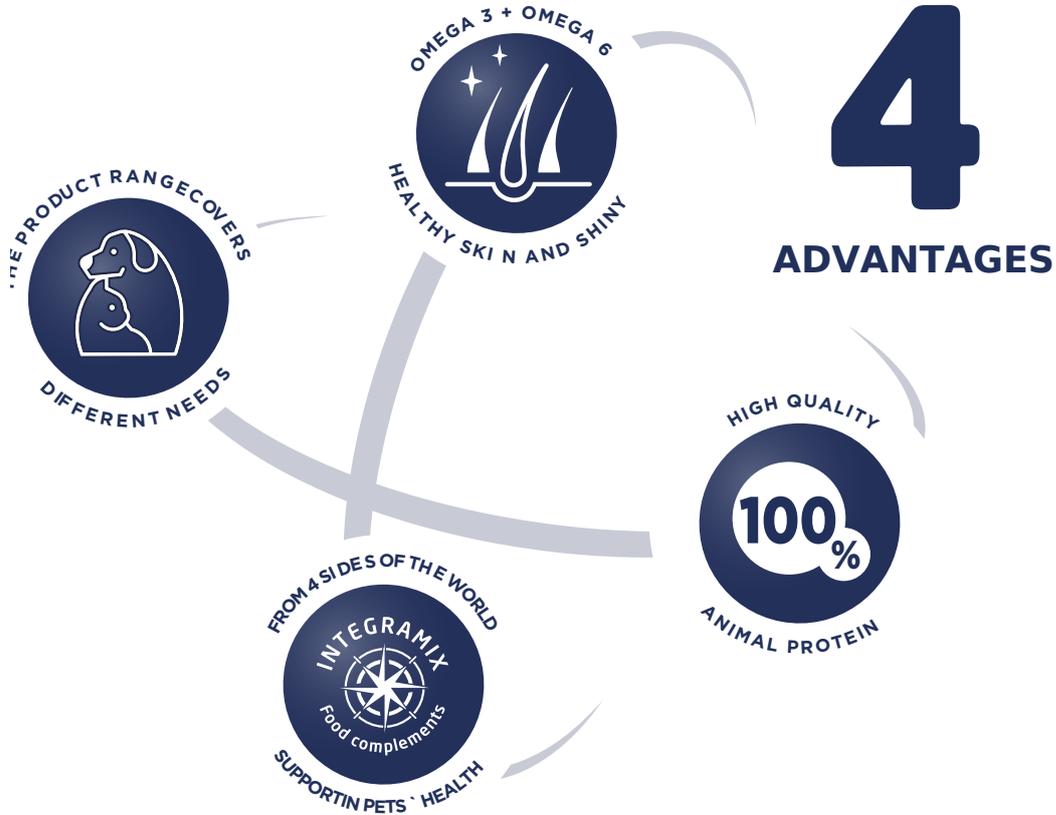

Premium nutrition for cats and dogs was developed by KORMOTECH specialists together with American (PETFOOD WORLDWIDE DEVELOPMENT) and Polish experts (PETFOOD SPECIALITIES) under the supervision of Ukrainian veterinarians. CLUB 4 PAWS products are exported to Europe and the world.

All recipes are balanced and contain meat ingredients on the first place, necessary vitamins and minerals and Omega-3 and Omega-6 complex. Nutrition is enriched with unique health formula INTEGRAMIX - the result of our never ending effort to do the best for pets` health. Hawthorn, banana, tomatoes and ginger are an exceptional set of ingredients from four sides of the world that help maintain the health of your pet.

The range of products includes dry, wet food and a snack group. All the products are divided into lines according to the age, basic and special needs of an animal.

Through the education programs and social initiatives we promote the responsible attitude to animals and develop a culture of harmonious coexistence with them.

## FOR MEDIUM BREEDS

**CLUB 4 PAWS PREMIUM DENTAL STICKS. COMPLEMENTARY PET FOOD FOR ADULT DOGS OF MEDIUM BREEDS**

The genetic code of each dog necessitates chewing. That is why we have created a special category of dog treats. Dental Sticks CLUB 4 PAWS effectively help to maintain oral health thanks to constituents, specialty shapes and textures that clean plaque and help reduce tartar formation. There are 3 sticks in a package. Dental Sticks are the most effective while everyday use. Moderate hardness makes it ideal for dogs that cannot cope with hard treats due to dental problems or old age. The excellent taste and flavour make the snack ideal treat. High quality product made in Europe.

**COMPOSITION:** Derivatives of vegetable origin Vegetable Derivatives, Cereals, Meat and Animal Derivatives (8 % Poultry), Vegetable Protein Extracts, Minerals

**ANALYTICAL CONSTITUENTS:** protein - 17%, crude fat - 2,5%, crude ash - 7,0%, crude fibre - 2,0%, humidity - 19%.

# FOR RESPONSIBLE THOUGHT

## NOT PERFECT

## MISSION:

We help people take responsibility for those whom they have tamed

## VISION:

All people treat cats and dogs responsibly. Dogs and cats achieved well-being

Through social projects, educational information and infrastructural projects we promote a responsible attitude towards pets and develop a culture of harmonious coexistence with them.

We help offices become pets friendly.

We help shelters and volunteers to find families for homeless pets.
